Introduction

Godrej & Khimji is a global leader engaged in the manufacturing of steel office furniture encompassing filing and storage systems for personal and commercial use.

We are a forward-looking, customer-focused company who provides durable, strong steel furniture in vibrant colors that can be customized to match the colors of any existing furniture.

We are pleased to offer our valued customers a private label program.

Igniting
enthusiasm
&
passion for quality.

Instilling values
&
confidence.

Our Mission

Furniture designed for people.

Offer value-engineered products to provide comprehensive and functional filing and storage systems.

To surpass expectations of our customers for product excellence, quality, cost, delivery and service through continuous improvement and customer interaction and to help them gain competitive advantage in their markets.

Maintain impeccable integrity in our interactions with our customers, suppliers, business partners and associates.

Our Values

Integrity

Trust

Respect

Customer Satisfaction

Care for the environment

Our Beliefs

The best is yet to come.

Keeping ahead of the curve.

STEEL a 'GREEN' material

We design our products with sustainability and care for the environment. Steel recycling attributes a significant part in reducing the burden on resources since it can always be melted again without loss of quality.

Consequently, there is considerable reduction in CO2 emissions and in the carbon footprint of our products.

Steel Furniture

Steel is extremely resilient, reliable and highly resistant to temperature fluctuations.

As compared to forms of wood, steel is environmentally friendly as it does not emit phenol which is harmful to health. In addition, it is fire resistant and has no harmful resins and glues. Metal is also easy to clean in comparison to wood.

Steel furniture has a long service life and can withstand an unlimited number of relocations and mostly comes in ready to install forms.

They can be easily moved from one place to another without hampering the quality of the wardrobe.

Steel wardrobes have the ability to create a simple, smart and aesthetically beautiful interior and are low in care and maintenance. Steel is completely resistant to attacks by termites which therefore cannot damage steel furniture.

Easy to assemble, steel cabinets come in various designs with intelligent storage spaces that are designed keeping in mind the storage needs of modern users. In the end, they are durable and long lasting, have a perfect presentation and are extremely cost efficient.

Steel also offers unlimited color possibilities.

Both in terms of stability and elasticity as a material, steel is unbeatable.

Steel is very difficult to distort in comparison to wood.

Overall, steel illustrates an ideal combination of durability, design and ecology.

Testing Institutes

The **main products** of our **manufacturer** have been and are being **tested** for

(i) STRENGTH (ii) DURABILITY
(iii) STABILITY (iv) FUNCTION
to meet **International Standards**

(i) AMERICAN STANDARDS

Successful completion of testing in the year 2021 by **BUREAU VERITAS CONSUMER PRODUCTS SERVICES INC.** in **USA.**

(a) VERTICAL FILING CABINET
to comply with **American Standards**
ANSI / BIFMA X 5.9 -19

(ii) BRITISH STANDARDS

Successful completion of testing in the years 2006, 2008 and 2009 by **FURNITURE INDUSTRY RESEARCH ASSOCIATION (FIRA) INTERNATIONAL LIMITED** in **UNITED KINGDOM**

(a) VERTICAL FILING CABINET
to comply with **British Standards**
BS EN 14073 – 2 / 3, BS EN 14074 and BS 4875 – 7
(b) SWING DOOR STORAGE CUPBOARD
to comply with **British Standards**
BS 4875-7 and BS 4875-8.
(c) LOCKER CABINET
to comply with **British Standards BS 4680**

(iii) AUSTRALIAN / NEW ZEALAND STANDARDS

Successful completion of testing in the years 2008, 2009 and 2014 by **AUSTRALASIAN FURNISHING RESEARCH AND DEVELOPMENT INSTITUTE (AFRDI)** in **AUSTRALIA**

(a) VERTICAL FILING CABINET
to comply with **Australian / New Zealand Standards AS 5079.2**
(b) SWING DOOR STORAGE CUPBOARD
to comply with **Australian / New Zealand Standards AS / NZS 4790**
(c) LOCKER CABINET
to comply with **Australian / New Zealand Standards AS/NZS 4790**

Copies of
BIFMA, FIRA and AFRDI
certificates can be
furnished.

Vertical Filing Cabinet

Our vertical filing cabinets are robust, practical and are built from durable components to withstand frequent use.

All drawers are mounted on double extension ball bearing slides which are smooth and easy to operate.

The drawers extend fully for convenient access to the entire drawer.

The cabinets are provided in two drawer widths to accommodate legal and letter size files.

The vertical filing cabinet has been tested for strength, durability, stability and function to meet American Standards ANSI / BIFMA X 5.9 -19, Australian Standards AS 5079.2 and British Standards BS EN 14073 – 2 / 3, BS EN 14074 and BS 4875 – 7.

KEY FEATURES

- Limited lifetime warranty, per conditions
- Durable steel structure
- 99 lbs ball bearing slides for uniformly distributed load for each drawer
- Drawers operate on full-extension precision ball slides for smooth movement
- Suitable to store legal and letter size files
- Full height drawer sides and back to provide additional storage capacity and added strength
- Full-extension drawers for convenient access to the entire drawer
- Anti-tilt design allows one drawer to be opened at a time, thereby preventing the cabinet from tipping over (product must be placed on level ground)
- Anti-rebound mechanism prevents drawer from coming out again after it is pushed in
- Legal vertical filing cabinets can also accommodate letter size files with the incorporation of a cradle
- Security bar can be provided for each cabinet for additional protection
- Central cam lock controlling all drawers
- Core-removable locks can be provided on request
- Master keys can be supplied for all locks
- Locks have 3,000 combinations
- PVC, metal or formed label holder for each drawer can be supplied on request
- Alternate gauges of steel are available

Lateral Filing Cabinet

Our lateral filing cabinets provide ergonomic features that are sturdy and aesthetically designed to provide a comprehensive filing solution.

All drawers are mounted on ball bearing slides which are smooth and easy to operate.

The drawers extend fully for convenient access to the entire drawer.

The cabinets can accommodate legal and letter size files.

The lateral filing cabinet has been tested for strength, durability, stability and function to meet American Standards ANSI / BIFMA X 5.9 -19

KEY FEATURES

- Limited lifetime warranty, per conditions
- Durable steel structure
- 66 lbs and 110 lbs ball bearing slides for uniformly distributed load for each drawer
- Drawers operate on full extension precision ball slides for smooth movement
- A file bar and a hanging folder rail are provided in each drawer to accommodate legal and letter size files for side-to-side or for front-to-back filing
- Full-height drawer sides and back to provide additional storage capacity and added strength
- Full-extension drawers for convenient access to the entire drawer
- Anti-tilt design allows one drawer to be opened at a time preventing the cabinet from tipping over. The anti-tilt locking mechanism is interlinked on both sides and therefore two drawers cannot be opened together at the same time (product must be placed on level ground)
- Anti-rebound mechanism prevents drawer from coming out again after it is pushed in
- Counter-weight is provided for each lateral filing cabinet
- Leveling glides are included at the bottom of the cabinet, at the four corners, to allow for adjustment on uneven floor surfaces and for floor protection
- Central cam lock controlling all drawers at both ends
- Core-removable locks can be provided on request
- Master keys can be supplied for all locks
- Locks have 3,000 combinations
- PVC, metal or formed label holder for each drawer can be supplied on request
- Alternate gauges of steel are available

Swing Door Storage Cabinet

A concealed storage solution is provided with our swing door cabinets.

These cabinets save floor space and are designed for maximum storage capacity.

The cabinets can be used for several purposes and are built from durable components to withstand frequent use.

The swing door storage cupboard has been tested for strength, durability, stability and function to meet Australian / New Zealand Standards AS / NZS 4790 and British Standards BS 4875-7 and BS 4875-8.

KEY FEATURES

- Limited lifetime warranty, per conditions
- Plain shelf / Dual-purpose shelf / Lateral rail
- Dual purpose shelf can be used as a standard shelf and also for suspending files
- Lateral rails can be utilized for suspending files
- Each shelf is placed on five retaining clips, thereby providing additional rigidity and support
- Adjustable shelves at 1.3", for convenient storage
- Uniformly-distributed load of 66 lbs per shelf
- Swing doors are secured by a 3-way bolting device and a recessed handle with lock
- Doors are fitted with heavy-duty invisible hinges for security and prevention of tampering from the outside. Internal hinges also enhance the appearance of the cabinet
- Doors are reinforced internally for extra strength
- Multiple-bend construction, thereby imparting greater rigidity and strength
- Formed steel legs with height of 3.9" can also be provided
- Core-removable locks can be provided on request
- Master keys can be supplied for all locks
- Locks have 3,000 combinations
- Mirror frame can be provided on the internal or external part of the door
- Sloping top can be provided for standard dimensions of the cabinet (36" W X 18.2" D)
- Alternate gauges of steel are available

Tambour Door Storage Cabinet

The tambour door cabinet is a popular choice when complete access is required and designated storage areas are tight on space. These shutters offer a durable solution for all of your storage requirements.

The design is elegant where the tambour door itself retracts fully into the cabinet to provide easy and quiet operation while maintaining optimum rigidity.

A range of internal components is also available.

- Plain shelf / Dual-purpose shelf / Lateral rail
- Dual-purpose shelf can be used as a standard shelf and also for suspending files
- Lateral rails can be utilized for suspending files
- Each shelf is placed on five retaining clips, thereby providing additional rigidity and support
- Adjustable shelves at 1.0" pitch, for convenient storage
- Planter boxes, with a height of 8.3", can be provided for widths of 35.4" and 47.2"
- Uniformly-distributed load of 66 lbs per shelf
- For uneven floor surfaces and for floor protection, leveling swivel glides are included at the bottom of the cabinet, at the four corners, to allow for adjustment from the interior of the cabinet
- Tambour doors consist of rigid PVC shutters with dynamic flexible hinges
- Tambour doors can be supplied in white, black and translucent colors
- Multiple-bend construction, thereby imparting greater rigidity and strength
- Core-removable locks can be provided on request
- Master keys can be supplied for all locks
- Locks have 3,000 combinations
- Alternate gauges of steel are available

Locker Cabinet

Modern ventilation concepts and a variety of locking systems define the locker cabinets offered by Godrej & Khimji.

These locker cabinets provide a functional solution for securing personal storage in offices, factories, schools, universities, health facilities, fitness clubs and other commercial properties.

The product range incorporates the combination of modules with a choice of single, two, three, four, five six door compartments.

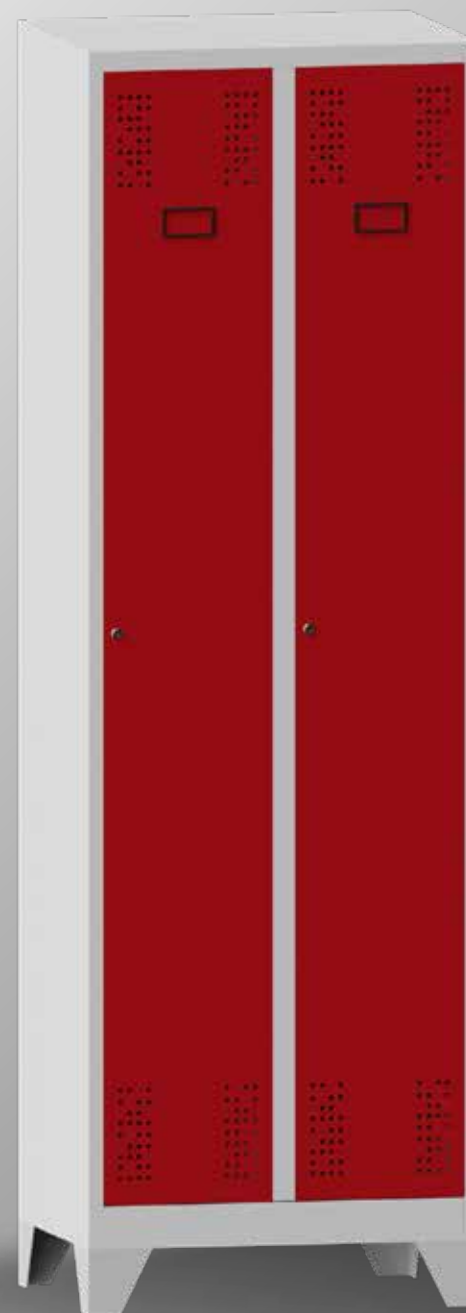

The locker cabinet has been tested for strength, durability, stability and function to meet Australian / New Zealand Standards AS/NZS 4790 and British Standards BS 4680.

LC 1 / LC 1 SPL (WITH CAM / LATCH LOCK)

KEY FEATURES

- Limited lifetime warranty, per conditions
- Standard locker cabinets are also available in widths of 12.0" and 18.0" and depths of 12.0" and 18.0"
- Door is provided with ventilation louvers / cluster holes, a label holder and a cam lock
- Doors are fitted with heavy-duty invisible hinges for security and prevention of tampering from the outside. Internal hinges also enhance the appearance of the locker cabinet
- Doors are reinforced internally for extra strength
- Doors are fitted with PVC bangers for quiet operation
- Sloping top can be provided for standard dimensions of the locker cabinet 15.0" w x 18.0" d
- Formed steel legs with height of 3.9" can also be provided
- Locker cabinets can function independently as stand alone units or in a multi-unit configuration
- Core-removable locks can be provided on request
- Master keys can be supplied for all locks
- Locks have 3,000 combinations (utilizing two keyways in each series)
- Alternate gauges of steel are available

GANGING

- (a) All locker cabinets of various depths must be ganged to another locker cabinet or an adjacent cabinet or anchored to a fixed wall for compliance with applicable ANSI / BIFMA X 5.6 Storage Standards.
- (b) At the time of ordering, specify
 - (i) NG – No ganging and no surcharge
 - (ii) WG – With ganging - Cabinets drilled on both sides and with ganging hardware. Add a surcharge of \$5 for each cabinet.
- (c) Locker cabinets, specified for ganging, will be pre-punched or drilled through on both sides of the cabinets and will be provided with ganging hardware for one side. For end units, wherever required, 'no ganging' must be specified to avoid pre punching or drilling of holes on the extreme end sides.

Mobile Pedestal

Stylish and sturdy, our mobile pedestal are aesthetically designed to provide compact storage and to fit in an office or home area.

The pedestals can easily roll under most work surfaces to conserve space. All drawers are mounted on Double-extension ball bearing slides which are smooth and easy to operate.

The drawers extend fully for convenient access to the entire drawer. The pedestals can accommodate legal and letter size files with the use of a cradle, wherever necessary.

Five casters are provided for each pedestal that incorporates a filing drawer to prevent tipping.

KEY FEATURES

- Limited lifetime warranty, per conditions
- File drawers are suitable to store suspension files
- User-friendly side pull handles are provided on the side for a distinctive appearance or elegant swan neck recessed handles are incorporated on the front of each drawer
- Top stationery drawer has one ABS plastic pencil tray in all models except MP2 SPH
- Full-height drawer sides and back allow for additional storage capacity and added strength
- Full-extension drawers for convenient access to the whole drawer
- Uniformly-distributed load of 22 lbs and 33 lbs for each stationery drawer and filing drawer respectively
- Pedestals, with a filing drawer, have a fifth caster to prevent tipping
- Two casters fitted to the front corners are lockable.
- Central cam lock controlling all drawers.
- Core-removable locks can be provided on request.
- Master keys can be supplied for locks.
- Locks have 3,000 combinations.

Quality of Raw Materials and Manufacturing Process

Product innovation,
Creative design, consistent
quality, reliability and durability are of
utmost importance to Godrej & Khimji.

We manufacture our products from prime-quality
cold rolled close annealed mild steel.

All components undergo a multiple-stage chemical
cleaning process and are thereafter coated with epoxy
polyester powder paint. The paint application is
achieved through electrostatic means for uniform paint
coverage and close adhesion of the paint film.

Steel, powder paint, ball slides, locks and packaging
materials are procured from the
highest quality sources.

GENERAL TERMS AND CONDITIONS

PROVISIONS OF SALE

In accordance with our policy of continuous product development and improvement, Godrej & Khimji reserves the right to amend, alter, modify dimensions, color, configuration and specifications of products illustrated in the catalog or discontinue products without prior notice.

We also reserve the right to alter prices without prior notice.

Color shades shown in this catalog will not correspond to actual shade due to limitations in printing.

The images of products are only representative and the actual products delivered will correspond to product codes and descriptions provided.

Optional features / accessories and non-standard and premium color shades are available at an upcharge.

LIMITED LIFETIME WARRANTY AS PER CONDITIONS

Godrej & Khimji warrants that all commercial products are free from defects in material and workmanship, for the life of the product, from the date of sale, to the original purchaser. Godrej & Khimji will repair or replace, at Godrej & Khimji's option, any defect covered by the warranty.

The warranty is confined to only cover all defects in materials and workmanship.

The warranty does not cover damages resulting from misuse, neglect, abuse, unauthorized repairs, uneven floors, extreme environmental conditions or accidents.

Godrej & Khimji's Warranty does not apply (for any product category) to the following:

- Products not purchased directly from authorized Godrej & Khimji resellers
- Nominal or normal amount of wear and tear that can occur over time
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Godrej & Khimji's written instructions and warnings
- Modifications, attachments or repair methods not approved by Godrej & Khimji
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors of natural materials
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Damage by markings or staining; damage by sharp objects or imprinting from instruments.
- Products used for rental purposes
- Purchased parts are warranted for one (1) year

Godrej & Khimji's warranty does not cover the costs of transportation or labor. Repair or replacement will be at Godrej & Khimji's option.

Godrej & Khimji makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Godrej & Khimji be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

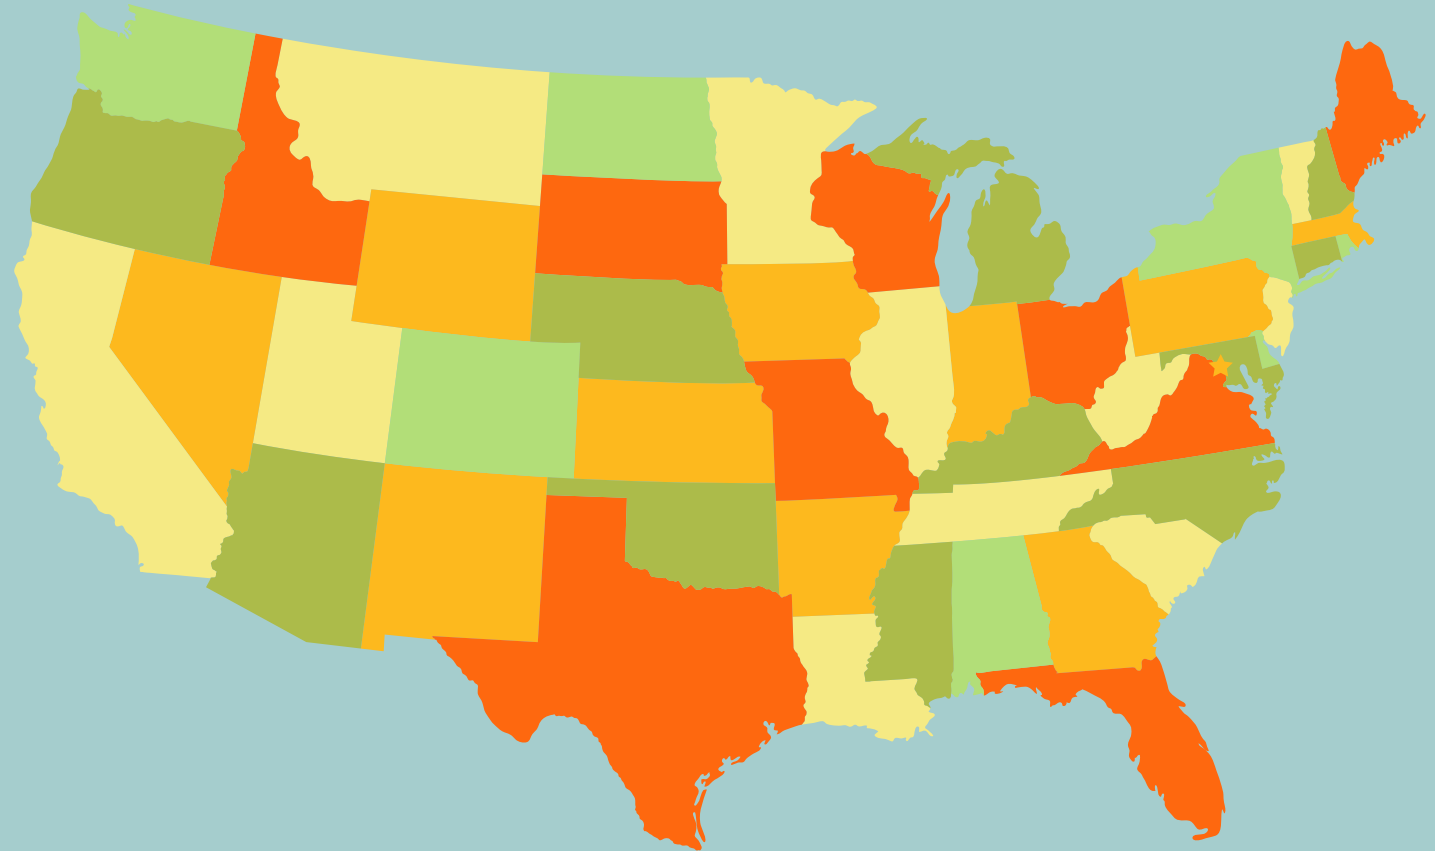

Godrej & Khimji's warranty applies to products sold within the United States of America.
